PINOT BLANC
[Weissburgunder]

A semi-dry white wine, that has a lot of typical apricot and citrus aroma. The Pinot Blanc arrives with rich fruit and a fine, rather mineral residual sweetness on the palate, wonderfully creamy on the finish.

The Pinot Blanc suits light, fine dishes like few others. It is no wonder that Pinot Blanc has become indispensable even on the wine lists of the best restaurants. We recommend the wine well chilled with seafood, light veal or pork dishes and with fine poultry.
